Tonight I'm reaching out to you,  
Cause I can feel the pain you're going through,  
As if I feel you, you're miles away,  
And everything around has turned to grey,  
Don't you wonder where your colours have gone?  
Take a look outside,  
Come on,

(Chorus)

Take what's bringing you down,  
Let it go, let it go, let it go,  
Who's hurting you now?  
Let it go, let it go, let it go, (Yeah)  
Don't take it down with you,  
Cause you don't really have a clue,  
Let it go, let it go, let it go,

There's a place that I go running to,  
A space inside of me, inside of you,  
It's where I feel I'm, I'm not alone,  
And everybody stumbles don't you know?  
You're a wonder, you're a miracle you see,  
It's no mystery to me,  
Come on,

(Chorus)

Take what's bringing you down,  
Let it go, let it go, let it go,  
Who's hurting you now?  
Let it go, let it go, let it go, (Yeah)  
Don't take it down with you,  
Cause you don't really have a clue,  
Let it go, let it go, let it go,

Look around you,  
It's amazing, everything you see,  
Every morning that you wake,  
There is no such thing,  
As an ordinary day,

Take what's bringing you down,  
Let it go, let it go, let it go,  
Who's hurting you now?  
Let it go, let it go, let it go, (Yeah)  
Don't take it down with you,  
Cause you don't really have a clue,  
Let it go, let it go, let it go,  
Let it go, let it go, let it go,  
Let it go, let it go, let it go,
