Marty mcfly sticked on the wall  
while setting his delorean  
in the bedroom

a sailing ship runs through the sea  
theyÂ're coming over to set you free  
from bad memories

jump out of bed, donÂ't close your eyes  
itÂ's the goonies stars with sloth  
they are here to wage war against this world

we must destroy it, we can destroy it  
till the end  
yeah yeah  
we need to be back, we need to go back  
to the nerds

pocket protector on the shirts  
thick rimmed glasses forever  
in the checkroom  
a sailing ship runs through the sea  
theyÂ're coming over to set you free  
from bad memories

jump out of bed, donÂ't close your eyes  
itÂ's the goonies stars with sloth  
they are here to wage war against this world

we must destroy it, we can destroy it  
till the end  
yeah yeah  
we need to be back, we need to go back  
to the nerds

and now that war is won at all  
you can wake up to squeeze out the  
pimples you have around your face  
and live the new day
