"The North Side Of Summer"

Jimmy and his friends, i know, are in the park all
drunken
iÂ'm staring at the sun alone but what can i desire? I no
longer know

iÂ'm wishing for a week for fishing away in the country
iÂ'm losing my own script of living down in city

a refrigerator sounds in a room, i look up and peer at
the weather

sheÂ's gone away from here and now what can i
desire? I no longer know

iÂ'm wishing for a week for fishing away in the country
iÂ'm losing my own script of living down in city
