I've been here too long

There's a big world out there
I wanna know how it feels
South American, begin
To the rhythm of the street

When I catch his eye
Under Brazilian sky
Body and soul will meet

[CHORUS]

We will be lovers, imagine
Dancing under a Latin moon
We will be lovers, imagine
Dancing under a Latin moon
I'm gonna be there soon
Under a Latin moon

New York winter streets
Your dream is real
Dreamboy's far from here
Wanna know how it feels

Wanna sweep in town
See the sights and sounds
In the tropical night heat

Fire lights the sky
As I obey my eyes
Body and soul will meet

[Repeat CHORUS]

South American, begin
To the rhythm of the street

Fire lights the sky
As I obey my eyes
Body and soul will meet

Lovers, imagine

Dancing under a Latin moon
We will be lovers, imagine
Dancing under a Latin moon
I'm gonna be there soon
Under a Latin moon

Lovers, imagine
Dancing under a Latin moon
We will be lovers, imagine
Dancing under a Latin moon

We will be lovers, imagine
Dancing under a Latin moon
We will be lovers, imagine
Dancing under a Latin moon...
