To have you and to hold you, support you and console  
you,  
You rely on me, I'll never let you down.  
To honour you and love you, a task that I will always  
cherish  
You give all I need, and keep me far from harm.

Baby how could I resist you when you're near?  
A breath away from one I hold so dear.  
Won't let you go.

I'm saving all the love in me  
So I could give it all to you.  
Don't you stop believin' me  
When I tell you I love you  
I'm saving all the love for you.

Take my heart and hold it tight.  
You're the sun that fills my life with light  
We'll never be apart, this is where it starts.  
For each and new beginning,  
together hand in hand we'll travel  
Through the laughter and the tears  
And love throughout the years  
Darling heaven knows, we're gonna send in cheers  
Witnessing the love I give you when I hold you near.

I'm saving all the love in me  
So I could give it all to you  
Don't you stop believin' me  
So when I tell you I love you  
I'm saving all my love for you.
