I have this vice some say is purely fiction
But let me tell you this is one bad addiction
My doctor's spell, a sweet medication
Infects my body it's a beat invasion

It's like somebody slipped me some funky love drug
Electric pulses that I can't unplug
They fill my body with exotic intents
That keeps me charged until my love is spent

I'm under your spell, what a revelation
Like a wishing well, all my dreams are coming true

I wanna scream about this hot emotion
I wanna cause a lot of commotion
Like a new found faith, it's a revelation
My heart is pounding it's a new sensation

I'm under your spell, lover's incantation
Like a wishing well, all my dreams are coming true
I'm under your spell, what a sweet persuasion
Like a wishing well, all my dreams are coming true

Something's come over me
I can feel my pulse increase
A love potion melting me
Stirs me to my feet

I'm under your spell, lover's incantation
Like a wishing well, all my dreams are coming true
I'm under your spell, oh what a sweet persuasion
Like a wishing well, all my dreams are coming true

I'm under your spell, it's a sweet persuasion
Like a wishing well, without a stitch of superstition
I'm under your spell, what a sweet persuasion
Like a wishing well, I'm under, under, under your spell
Ooh ooh, under your spell
