Rain began to fall softly  
As she gazed around the room  
Even now she wondered what went wrong

A letter in her hand trembled  
When she place it by the phone  
All at once there were footsteps by the door

She didn't want a confrontation  
To tear them apart  
She wasn't sure of all the feeling  
Racing through her heart

I looked into her eyes knowing  
Something wasn't right  
Then suddenly the tears began to show

Babe, I know that it's wrong  
But you know I'm really not that strong  
How I wish I could tell you that I am

But before I even read this letter  
I want you to stay  
But if I see your mind's made up  
There's one thing I've got to say, oh

[Chorus]  
You can call me  
Baby, if you ever changed your mind  
Believe me when I say to you  
Anytime will be alright  
You can call me  
Only seven numbers on the phone  
Maybe we can talk things over  
You're never that far from home, oh no  
Baby you're not alone

Another season, another change  
Two hearts are breaking  
With no one to blame  
I know the reasons you want to go

But if you find that you still want me  
There's one thing that you know

[Chorus]
