Would you rather be with me  
Cause all I need to hear  
Don't deny it please  
Dont deny it please  
Cause it's all I need to hear

Just one little white lie  
Just one little white lie  
Is all I need from you  
What harm can it do?  
Just one little white lie  
Just one little white lie  
Is all I need from you  
What harm can it do?

Give me just this ??  
So I can keep my pride  
If it's just between the two of us  
It's all I need to hear

Just one little white lie  
Just one little white lie  
Is all I need from you  
What harm can it do?  
Just one little white lie  
Just one little white lie is all  
Is need from you  
What harm can it do?

Just one little white lie  
Just one little white lie  
Is all I need from you  
What harm can it do?

Just one little white lie  
Just one little white lie  
Is all I need from you  
What harm can it do?
