9am again in the morning  
I've got my things to do  
I cannot let myself be weak  
I cannot cry myself to sleep  
In the morning I forget I'm missing you

But somehow at 10 in the morning  
I tell myself I'm fine  
I cannot let myself be weak  
I cannot cry myself to sleep  
In the morning it's much easier to lie

It's at night when I've got  
Nothing else to do  
It's at night I go out  
Hoping I'll find you

It's at night when I've got  
Nothing else to do  
It's at night I go out  
Hoping I'll find you

And I wonder who you're with in the morning  
I'm sure you're not alone  
But I can't let myself be weak  
I cannot cry myself to sleep  
In the morning I can't sit here by the phone

It's at night when I've got  
Nothing else to do  
It's at night I go out  
Hoping I'll find you
