Many seasons change  
Summers bloom then fade  
Snow falls and melts away  
But I am still here

Nights that shine with gold  
Hide the lies I'm told  
But always morning cold  
And I am still here

Years that pass like dreams  
Unsure what to believe  
Only that I should leave  
But I am still here

Love has come and gone  
There've been many wrongs  
Sometimes it seems so long  
That I have been here  
I am still here

And those nights still  
Spin to endlessly  
Through my distant memories
