About the funniest guy I know
Sad to see you go
So glad we made it
So glad we stayed friends after all

Peavey amps and Roto toms
Butchered our favorite songs
No harm in trying
We had fun trying after all

I gave you Bennie and the Jets
You gave me Kiss Alive II
I gave you Bennie and the Jets
You gave me Kiss Alive II

Down in the basement after school
Girlfriends by the pool
So sure we'd make it
Looks like we made it after all

I gave you Bennie and the Jets
You gave me Kiss Alive II
I gave you Bennie and the Jets
You gave me Kiss Alive II

My friend Todd it's not another day for you
You've got a little girl to show
Who the world belongs to
And I'm so proud of you now

So glad we made it
So glad we stayed friends after all
