Come back home when you've learned to sparkle  
All alone in the sky  
Come back when you don't feel so awful  
Show us all how to shine

Cause we love you  
And we care about you  
But we need you  
To tell us the truth  
Cause we want you  
To really pull through this time

Oh, Oh, Oh  
Get your head in the mix  
Take your medicine on time  
Get your head in the mix  
You're gonna feel better in no time  
At all, in no time at all

Come back home when you've learned to sparkle  
Is it scary out there?  
Come back when you don't feel so awful  
We really wish you were here

When the visiting hours are over  
And there's nobody left there to hold you  
Remember Friday will be here soon  
You're coming home  
You're coming home again  
Sparkle!
