[Intro] Hi, I'm your host John Rondo Riviera And welcome to "Who, Really, Gives a Damn?" And today's topic is rap, and its effect on our world today And guests on our panel today are MC T-Fly, MC Psych, and yes folks, the Candyman We have people going to school for years {*SIGHS*} Getting a degree in music And you come in here with your platinum selling albums With this "jungle music" What do you have to say about this, MC T-Fly? [MC T-Fly] "Jungle music," I'm not even gonna answer that But I know there's a lot of people out there watching OPRAH right about now Besides I'm only out for one thing That's the money, the cars, the jewels, the girls, everything baby [Annoying Host] Yeah right, we have songs called "Cheeba Cheeba" by Tone Loc And as far as I'm concerned, you're advocating marijuana~! [MC Psych] Ay man, ay man dis is da Psych homeboy We ain't advocatin NOTHIN man! Tone chose to rap about what he wanted to rap about And right NOW, I choose to do dis! {*lights, smokes a joint, coughs*} [Smarmy Host] Yeah that's real cute Security, will you get this guy outta here, thank you? Well, it looks like we're running out of time right now But before we go, do you have anything to say about this MISTER, CANDY, MAN?! [Candyman] See nobody ever gave a damn about a brother like me Being in the industry Back in eighty-three Run-D.M.C. was all we played in the hood And that was good, the way it should be done But now for me and Run things are a little bit different Our record's on the hitlist White, black, oriental or latino Everybody wants to buy the Candyman single When the hip-hop starts, I'm crossin over to the pop charts Now here come the old farts Poppin that junk about PMRC Breasts are a part of the anatomy! Rap attack the youth but yet the proof is unfounded Sounded like a gunshot, Eazy got you grounded Playing that record called "{Fuck} the Police" Loc got you smokin joints so buck up, peace "Me So Horny" got a record store owner arrested And when a lady was molested That's when the media suggested just a little too quick Slick Rick's hit was the cause of it Bull{shit}, I'm gettin real ticked off One by

one, another brother picked off I know the name of the
game but I won't play along So I say jump your bones
Now how can one promote gang violence by droppin
science or english, cause I haven't seen this No, what I
mean is heard this A young black rapper so you have to
get nervous Do we deserve this negative hype?
Stereotype, a few of us might, but I just write what you
as the public want to tap into From Compton Boulevard,
to Inglewood Avenue They can't stop this so this is the
way I GOTTA drop it Today's topic
