Hidden in the dashboard  
The unseen mechanized eye  
Under surveillance  
The road is full of cats eyes  
It's sick function to pry  
The spy in the cab.

Coldly observing -- Callously reserving  
A drivers time  
Automated autonomy  
Playing on his mind  
The spy in the cab.

The spy in the cab.

An eye for an eye  
A spy for an eye  
An eye for an eye  
A spy for a spy.

A twenty four hour unblinking watch  
Installed to pry  
Installed to cop  
The spy in the cab.  
The spy in the cab.  
The spy in the cab.

I spy with my little eye spy with my little I spy with my  
Little eye spy with my little I spy ..... spy ..... spy.
