We're going down  
We're going down  
We're going down  
To the kamikaze dive

Fishnet leatherette  
Pussy Galore  
Psuedo sumo wrestler  
On the door  
Dangerous dances  
The dragons claw  
K-Tel oriental  
The monkey's paw.

You're a dead ringer for Madame Butterfly  
Snappy little fingers  
Stitch my thigh  
You're so necromantic

Venomous and vain  
Mixing molotov cocktails  
In the subterrain

We're going down to the kamikazi dive  
Like insects in a Chinese lantern now  
We're feeling so alive, what's showing?  
We're going down to the kamikazi dive.  
Like manic moths in Chinese lanterns now  
We're feeling so alive, what's showing?
