Once reflected  
Refused to shine again  
This may vanish  
The source will slowly drain

Still blank face grin  
Your rapture will ignite  
Under your dead masque  
A painful fade from sight

Are we here?

Once eternal  
I drank a thousand minds  
Deadshapes turn real now  
They are of thousand kinds

Exposure, a deathshow  
Dim lights pierce my mind  
A passage through substance  
Clairvoyance, a rare find

Are we near?

No, I won't view your sight  
A sickened voice to hear  
I won't sight your mind

Once rejected  
The voice spoke so clear  
Stillness absorbed by  
The everlasting fear

Construction of dead minds  
A beauty to behold  
Followed in vague steps  
The end was fortold

I have drowned in white infinity  
Driven to the edge of sanity  
Shadows of declined supremacy

Debased by our thoughtless sanctity

No, I won't view your sight  
A sickened voice to hear  
I won't sight your mind
