

Canon "Wide Awake"

Visit "[Wide Awake](#)" on [MotoLyrics.com](https://www.motolyrics.com)

Your cunning moves give it away
Your evil intentions display
Your only wish is that I'll crumble

Behind your smile lies betray
Trusted secrets you promised not to say
I swallowed water filled with glass

Wide awake
Wings I have you'll never take
Wide awake

The web you weave makes you deceive

Pilfered hopes and the air that I breathe
Your only wish is that I'll crumble

One day I'm fine next day I'm sick
Taking me farther brick by brick
This wall's been made to hold me back

Burn within your anguish
Paralyzed by sorrow
Locked within these cages
Blighted from tomorrow
