Divine prophecies of an unknown side
Infernal incantation of powers profound
Vengeance unleashed with intent clarified
Destruction obscene in the eyes of the free

Shattered reality focuses here
Decipher
Fused sanity, surpasses there
Decipher

Voices unheard with thoughts dismissed
Duality of mind and sights unseen
Rightness disturbed with reflection of minds
A ripple of nothingness of a void sacrificed
Shattered reality focuses here
Decipher
Fused sanity, surpasses there
Decipher

Abridged reality views uncomfortable sights
Sorrowfull masses in overwhelming blight
Vengeance unleashed with intent clarified
Destruction divine in the eyes of the damned

Shattered reality focuses here
Decipher
Fused sanity, surpasses there
Decipher
