Oh my God it's so hot
Oh my God it's so low
Oh my God I'm so messed up
I don't know which way to go

Try to guest
Where's my genie
Where's my vest
All this mess
Comes from your ass
Fuck...
We're CSS

We didn't come
Into the world
To walk around
We came here
To take you out
Come with us
We'll make a toast
For this time
About to come

Don't miss my holiday
Don't miss my holiday
Don't miss my holiday
Don't miss my holiday

Oh my God it's so low
Oh my God it's so hot

Desperate leaving hair spray
Naughty money
Take it away
Leave your life
Don't walk astray

We didn't come
Into the world
To walk around
We came here

To take you out
Come with us
We'll make a toast
For this time
About to come

Don't miss my holiday
Don't miss my holiday
Don't miss my holiday
Don't miss my holiday

Don't miss my holiday
Don't miss my holiday
Don't miss my holiday
Don't miss my holiday

Don't miss my holiday
Don't miss my holiday

(Another verse)

We didn't come
Into the world
To walk around
We came here
To take you out
Come with us
We'll make a toast
For this time
About to come

We didn't come
Into the world
To walk around
We came here
To take you out
Come with us
We'll make a toast
For this time
About to come

You don't miss my holiday
You don't miss my holiday
You don't miss my holiday
You don't miss my holiday

You don't miss my holiday
You don't miss my holiday
You don't miss my holiday
You don't miss my fucking holiday
