Why is that stand so still?  
People gonna start thinking we're statues  
This silence is disturbing me  
People talk but I can't hear

I'm off the hook  
Off the hook  
I think I'm off the hook, babe  
Off the hook

Let's find us both a place to sit  
The more I talk the more my bones get heavy  
The silence is disturbing me  
Don't they know I can't read lips?

I'm off the hook  
Off the hook  
I think I'm off the hook, babe  
Off the hook

Yeah...  
Yeah, you were right this is really fun  
I never got this dumb before

I'm off the hook  
Off the hook  
I think I'm off the hook, babe  
Off the hook

Why is that stand so still?  
People gonna start thinking we're statues  
The silence is disturbing me  
People talk but I can't hear  
I'm off the hook
