You come around and say hello. and I don't know what  
to do. You look at me and you see right  
Through

Who the hell are you?

Baby baby I don't know, but I want you. baby baby I  
don't know, but I want you

See it? need it? dream it? do you want it?

Call me and then meet me. call me and then meet me

Whenever I look at you I don't know what to do.  
whenever you talk to me I don't know what is true

Tell me what to believe. tell me what to believe

Listen baby (what?) I got something to say. listen  
closely I won't say it again (ahan).

I got your shirt and I'm so not sure. are you coming  
back or should I expect the worst?

You can keep it! I'm thinking... (don't think too much).  
should I call? ( you've got my numbers). I'm thinking...

Your shirts. your shoes. your skirt. your pants. my  
records. my heart. the dogs. the bed. the food.

The yard. the sheets. so soft. the games. we played.  
are over and over again.
