Fly high on the rug  
With the ones you know  
With the ones you love  
With the ones you trust

Ready the van the bus the plane  
Again and hear the sound  
Little air to breathe  
Little work to kill  
A nice table to seat  
A clean pillow to dream  
I feel the strength to ride  
Another place to extra hide  
It's better to break your back  
Than to break your heart

I want to go wrong, if we do it  
We can stop the time tonight  
Bring only bad ones  
You know you got it wrong  
It means you got it right

Tellin' lies with stars  
Makin up a weird glory  
Young bosom dark lies  
Twisting my homing guide  
And I must try to resist  
For your watch they disappear  
All the records make interest  
All the voices talk to much  
All the photos you've seen  
War medals for someone  
Like me like him like she  
Like me like him like she  
Cause you'd better break your back  
Than make no excuse

I want to go wrong, if we do it  
We can stop the time tonight  
Bring only bad ones  
You know you got it wrong  
It means you got it right

I want to go wrong, if we do it  
We can stop the time tonight  
Bring only bad ones  
You know you got it wrong  
It means you got it right

Oh many times times times times  
We had the chance  
So many times times times times  
We had the chance  
So many times times times times  
We had the chance  
So many times, times times

I want to go wrong, if we do it  
We can stop the time tonight  
Bring only bad ones  
You know you got it wrong  
It means you got it right
