Look to the left side of the room
And you'll be straight back into the fall
Like you do, like I do, like we do
You should be having fun
Instead you're looking straight into my eyes and saying

Woah while you've been waiting
I've been travelling the world
Baby I've been everywhere
And I'm not done yet
Everyday you look and feel so perfect
You're not so perfect tonight
If you think that I'll be around
Then you're way off

Well look to the right side of the room
And the door will turn right into my hand
And I can't think of a more spectacular place to be
I hate to say it's sweet
But I've got plans of my own that don't really involve
you

Woah while you've been waiting
I've been travelling the world
Baby I've been everywhere
And I'm not done yet
Everyday you look and feel so perfect
Just not so perfect tonight
If you think that I'll be around
Then you're way off

Just as dellusion sets in
He's unaware of what's going on
I've taken the easy line
I'll fall behind
I'll fall behind

You, you think I'm close
But no I'm not, I'm miles away

Woah while you've been waiting
I've been travelling the world

Baby I've been everywhere
And I'm not done yet
Everyday you look and feel so perfect
Just not so perfect tonight
If you think that I'll be around
Then you're way off

Woah while you've been waiting
I've been travelling the world
Baby I've been everywhere
And I'm not done yet
Everyday you look and feel so perfect
You're not so perfect tonight
If you think that I'll be around
Then you're way off!
