reptiles escaped, who said "booh"?
was it me but who then was I?
what made them fear?
it's dark and it's cold
and I feel so old
I'm going down
I'm going down to chase some reptiles

so autonomic
and you interrupt my dream
yeah, you interrupt me
my old brainstem is talking
and you interrupt my dream
yeah, you interrupt me

the kites fly up high, I'm free, I run
but from heaven fall the bluebirds
they hit the ground
the sun warms my face and I feel
and I feel
it ain't no end for all the living
it ain't no end for all the living, living no!

my intuition
and you interrupt my dream
yeah, you interrupt me
deep in here it is hidden
and you interrupt my dream
yeah, you interrupt me
you wake me up, I'm forgetting
and you interfere
you interrupt my dream
so autonomic
