Standing around

Wasting my time

I'm getting nervous

It's time to move on

I lost my lady

I lost my job

I need a lift out

Next stop - I don't know where

Chorus:

Taxi Taxi - Hello Hello - Taxi

Taxi Taxi - Take me away

I'm ready to leave

The party's over

I'm due for a change

Waiting for transportation

Getting so bored

I need a ride

A new direction

I must be on my way

Chorus
