People rushing, pushing, shoving
Trying to get by
Everybody's got a place to go
Or something to try

Me, I'm like a rocket
Headed straight to the sky
I can fly, I can fly, I can fly

Nothing's gonna stop me
Till I run out of air
I've been climbing up the ladder
And collecting my shares

Gonna set the world on fire
So you better beware
I can fly, I can fly, I can fly

[CHORUS]
Top of the world
That's my new destination
Top of the world
You better make my reservation
Top of the world
It's gonna be a strange sensation

Top of the world
Top of the world

Had my share of nothing
Being stuck on the ground
I was stumbling, crumbling
Just another face in the crowd

Now that's all been changed
There's nothing holding me down
I can fly, I can fly, I can fly, yeah

[Repeat CHORUS]

Top of the world, all right

All right, brothers and sisters
Better listen to me
This is a world of reality

I'm gonna make it
And I don't care how
So here I come
My time is now

Top of the world, la la la la
Top of the world, la la la la
Top of the world, la la la la
Top of the world, la la la la...
