(Chorus)

You lift me up, when I am down
You bring me joy, whenever you're around
You give me wings, so I can fly
I just can't believe, you're telling me goodbye

I can't remember, loving you never
Seems like you've always been here with me
All through the good times, even the bad times
You promised me that you'd never leave

But things are changing now,
You're acting stranger now
I don't know what I should believe

Chorus

Nothing is better, when we're together
You're always here when there's something I need
And you feel the same way, at least that's what you say
So tell me why you're still gonna leave

Did I do something wrong?
Should I be holding on?
Tell myself it's only a dream

I know you'll change your mind
And it will be just fine
Don't take away the love that you give to me

Chorus

Every word (every word), was a lie (was a lie)
So how can I trust your goodbye
When you go (when you go), it won't end (it won't end)
You'll be back in my arms once again

Chorus

I can't believe (you give me joy)

You're telling me goodbye (you give me wings)
I didn't see it (so I can fly)
I can't believe you're leaving

Chorus
