Distorted visions of life  
Disguised in your lies

Deviation, desecration,  
Malediction, from your mind  
Take your words, Hypocrisy,  
To our eyes, to glorify

Speak of things that cannot be  
Live your life in mockery  
Your life is but a lie  
A broken mind intensifies  
Distorted words... Bred in your mind  
Mystify - Speak your words to glorify  
Bred in your mind

Divination, Hallucination,  
Fabrication, from your mind  
Take your words to our eyes  
To glorify

Your mind has died
