

## Capharnaum "Icon Of Malice"

Visit "[Icon Of Malice](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I am what you crave,  
When others turn their back,  
In your darkest moment of shame,  
With the hate you seem to lack  
The hate that you lack  
I'll take you to a world where hate  
And contempt dwell,  
I'm conjuring the spells that  
Pours my hate into your heart

Come to me for your salvation,  
I will feed on your resentment,  
Making you a willing slave, to this hatred  
Icon of malice.  
You'll see my way or shed your blood,  
Either way my hate has won  
Pull back the veil to see my face,  
To your surprise it's your own
