I think i saw you there
Just for a short little while
I don't know i'm sure of your ways
The way you work things out
Not that it scares me
Not that i show you fear
Not that it scares me
Not that i show you fear

In what shape would you come to me
In what way would you show
If youre feeling ?
If you still would be here

I needed time to be
I didn't have a choice
And if you make me weak
I didn't have a choice
And when it happened i turned to be this bold
And what it happens now you'll be as bold as me

Come to me if you dare to stay
Come to me if you please
I don't know what you need to do
I don't know what you want

Come to me if you just want to
Come to me if you just want to
Come to me if you just want to
Come to me if you just want to

And when you came to me
I didn't have a choice
And if you made me weak
I didn't have a choice
And when it happened i turned out to be this bold
And what it happens now you'll be as bold as me

And when you turned to me
I didn't have a choice
And if you made me weak

I didn't have a choice
And when it happened i turned out to be this bold
And what it happens now you'll be as bold as me

Come
If
You
Want
