Well done

I can see that it's a game that i'm holding on to

I'm not safe

I can't tell if I am holding on to something I shouldn't do

They can move me, they won't improve me

(I'm gonna make it better)

They can move me, they won't improve me

(I'm gonna make it better)

I cannot do it right

I cannot do it for you

I'm gonna prove I'm right

I will not do it for you

Maybe I'll do wrong

If I should wait

I cannot do it right

And I

Have not been this sure about anything before so

My beat is a trap,

And it is making me forget about what I do

They can move me, they won't improve me

(I'm gonna make it better)

They can move me, they won't improve me

(I'm gonna make it better)

They can move me,

(I won't say nothing, no I won't say anything)

(What we have between us)

They won't improve me (Everyone can see us)

They can move me,

(I won't say nothing, no I won't say anything)

(What we have between us)

They won't improve me (Everyone can see us)

I won't say nothing

No, I won't say anything

What we have between us

Everyone can see us

And I won't say nothing
No, I won't say anything

What we have between us
Everyone can see us
