Lord, let Your rain fall down
'Cause You are my rock
You are my rock
Wash away the sand and the clay
'Cause You are my rock
You are my rock
And when I fall and need something stable
You are my rock
You are my rock
I fall on my knees and lay down at Your table

'Cause You are my rock
You are my rock
And when I fall
You pick me up and bring me there
And when I'm down on my knees
You'll pick me up and bring back where
You're my rock
