Reasons flying through the winter sun
I wait for you but you don't hear me
Blood runs quicker when the sun is low
But I don't have more blood to give you

Pretty pictures on a dirty wall still
Make me think of nights together
Lying naked on Venice Beach
I thought we'd stay like that forever

You want me
You need me
Why can't you believe me?
You touch me
You bleed me
How could you deceive me?

You want me
You need me
Why can't you believe me?
You touch me
You bleed me
How could you fucking leave me?

You want me

Broken feather
Shattered glass
Are symbols for the way you treat me
I write poems in the dark alone
Afraid to wake you
Make you angry

I'm a flower lost in your desert
While you try to blow me down
I know that you will love me someday
But why the fuck can't you love me now?

You want me
You need me
Why can't you believe me?
You touch me

You bleed me
How could you deceive me?

You want me
You need me
Why can't you believe me?
You touch me
You bleed me
How could you fucking deceive me?

You want me
You need me
Why can't you believe me?
You touch me
You bleed me
Why could you fucking leave me?

You want me
You need me
Why can you deceive me?
You want me
You bleed me
How could you deceive me?

You want me
You need me
Why can't you believe me?
You touch me
You bleed me
Why could you fucking leave me?

You want me
You need me
Why don't you believe me?
You touch me
You bleed me
How could you deceive me?

You want me
You need me
Why can't you believe me?
You touch me
You bleed me
Why the fuck did you fucking leave me?

You want me
You need me
Why can't you believe me?
You touch me
