It's a teenage dream to be seventeen  
And to find you're all wrapped up in lo-o-ove  
And I found that you made a dream come true  
Now I do believe in what they say-ay-ay  
You've got to give a little love, take a little love  
Be prepared to forsake a little love  
And when the sun comes shining through  
We'll know what to do-oo  
Give a little love, take a little love  
Be prepared to forsake a little love  
And when the sun comes shining through  
We'll know what to do  
When I walk with you there is just we two  
And the world goes by and I just don't care-are  
And I know one day I will find a way  
To be safe and sound within your hear-eart  
So until I do, gonna give a little love, take a little love  
Be prepared to forsake a little love  
And when the sun comes shining through  
We'll know what to do-oo  
Give a little love, take a little love  
Be prepared to forsake a little love  
And when the sun comes shining through  
We'll know what to do  
Give a little love, take a little love  
Be prepared to forsake a little love  
And when the sun comes shining through  
We'll know what to do-oo  
Give a little love, take a little love  
Be prepared to forsake a little love  
And when the sun comes shining through  
We'll know what to do  
You've got to give a little love, take a little love  
Be prepared to forsake a little love  
And when the sun comes shining through  
We'll know what to do-oo  
Give a little love, take a little love  
Be prepared to forsake a little love [fade]
