Let's go, let's go
Let's go hugging and a-kissing in the moonlight
I know you and I together make it so right
Let's go, girl I told your Mamma and it's alright
We'll be alone, baby I'll walk you home in the
moonlight

Hey, you got the key to my heart
Any time you wanna use it
I'll be waiting for you, girl cos I adore you
You're so, you know

Everybody wants to know
What my life was like before you
I don't think I'm bothered
I just wanna shout it out, baby I love you

Let's go hugging and a-kissing in the moonlight
I know you and I together make it so right
Let's go, girl I told your Mamma and it's alright

We'll be alone, baby I'll walk you home in the
moonlight

Hold me in the palm of your hand
Twist me round your little finger
Do just what you wanna
Baby I'm a goner for you, and it's true

So let's go hugging and a-kissing in the moonlight
I know you and I together make it so right
Let's go, girl I told your Mamma and it's alright
We'll be alone, baby I'll walk you home in the
moonlight

Let's go, let's go
Let's go hugging and a-kissing in the moonlight
I know you and I together make it so right
Let's go, girl I told your Mamma and it's alright
We'll be alone, baby I'll walk you home in the
moonlight
