Why can't we be like before,
Has someone else gone and given' more love.
Than I ever could give you, (more love)
Has he promised to show you.

CHORUS

That love is, a wonderful feeling,
Love is a magical feeling
Love is a true world of paradise.

I just can't believe that it's so,
I just can't believe that he could give you more love,
Than I ever could give you, (more love),
How can I ever show you.

CHORUS

That love is, a wonderful feeling,

Love is a magical feeling
Love is a true world of paradise.

BREAK

Love is such a funny affair,
One day your down next you're in the air, (more love),
How can I ever give you more love,
How can I ever show you

CHORUS

That love is, a wonderful feeling,
Love is a magical feeling
Love is a true world of paradise.

CHORUS

That love is, a wonderful feeling,
Love is a magical feeling
Love is a true world of paradise.
