Chimmy-cherry-some, we used to make up songs,  
remember  
Sha-la-la-la-loo, I used to sing to you, remember  
Hi-de-hi-de-ho, we used to kiss hello, remember  
And then we said good-bye and made each other cry,  
remember

Sha-la-la-la-la-la-la-la shoo-be-doo-aye  
Remember all the little things we used to say  
Sha-la-la-la-la-la-la-la shoo-be-doo-eye  
Wonder why we ever had to say good-bye

Sing-a-sang-a-song, we used to sing along, remember

The sparkle in your eyes light the starry skies,  
remember  
We would hum along to the beatin' of the drum,  
remember  
The band began to play and we began to sway,  
remember

Sha-la-la-la-la-la-la-la shoo-be-doo-aye  
Remember all the little things we used to say  
Sha-la-la-la-la-la-la-la shoo-be-doo-eye  
Wonder why we ever had to say good-bye...
