Hey sister poet dear, brother poet to
These tears and words I'm makin'
Wanna be with you
'Cause I need to spend my body
I'm a music makin' man
And no peace can release me like
this amplifier can

*This is my rock 'n roll love letter
to you
This is my rock 'n roll love letter
to you
Gonna sign it, gonna seal it,
gonna mail it away
Gonna mail it today

Dear mama, papa
Hey your boy's doin' fine
And the energy you gave him
keeps him trying to unwind
'Cause I sing a natural rhythm
Play a magnetic chord
But I keep on rock 'n rolling
Till my genes explode

*chorus

repeat and fade
