Nothing makes it move  
From the bottom to the top  
Does it start at the bottom?  
Or does it start at the top

Magnet draw day from dark  
Sun zoom spark  
Sun zoom spark

Now which hand's got it?  
Bottom, or the top?  
Neither hand's got it  
It's just got it  
Hope it don't stop

Magnet draw day from dark  
Sun zoom spark  
Sun zoom spark

Think you can uh hold it  
Once it start  
I don't care who ya are or what  
size ya are  
I'm gonna magnetize ya

Magnet draw day from dark  
Sun zoom spark  
Sun zoom spark
