Well I was born in the desert came up from New
Orleans
Came up on a tornado sunlight in the sky
I went around all day with the moon sticking in my eye

hey hey hey all you young girls wherever you're at
I got a brand new Cadillac I got a Ferrari too
Sure 'nuff baby sure nuff n yes do

he hey hey all you young girls whatever you do
Well come on by and see me I'm just (waiting ?) to you

.....with me and I'll ..with me and you
Sleep with me and I'll sleep with me and you
Stick with me and I'll stick with me and you
