Zig zag zig zag wanderer (rep.)  
You can huff, you can puff  
never know what I have found  
You can zig you can zag  
Whoa I'm gonna stay gonna stay around (rep.)

You can jump you can holler  
Never lose what I have found  
heaven's free 'cept for a dollar  
you can zig you can zag  
Whoa I'm gonna stay around gonna stay around

Zigzag wanderer had a zigzag child  
Zigzag traveller for the mercy mile  
.....(found his strength in?) and nature scene  
(Chris Viard suggests "Found my Queen and Nature Scene")

Twist his face (quenched his thirst) where he never  
been  
Zig zag wanderer (rep.)

You can dance you can prance  
freeze those timbers drop some beans  
Hide my shield throw away my lance  
Zig zag child mercy mile  
zig zag dreams zig zag dreams zig zag dreams....  
(NB surely CB would not advocate that someone club  
his seal? I always heard  
something to do with a shield, which would tie in with  
the lance metaphor)
