Spread the strain through muscles  
Tissue breaks out, breaks up  
Whispered soft wings  
Spread out into  
Echo through halls  
Reversed whispers  
Pieces break off  
Spread the strain through your skin  
Tissue retract reflect  
The change of your pathogenic  
System breakdown contingency  
Eradicate

Pass off the hoard to the machine  
Spit out, Spit up  
You will see this in your lifetime  
Repeated before we could take score  
Wiped out in months

Prey, soft, past,

Keep the whispered rumors quiet, infect social  
standings.

Invest the spread like two towers.  
Spreading fire through the masses to save themselves.  
Use the blood to inoculate rampid spreading panic.  
Harmless sent to extinct.  
The destitute prisoners.

From the past  
Sway the balance into their arms.  
Lay your head on the floor think of your next pacifier  
distraction.  
Close your eyes for good

The ending is coming prepare for the eradication  
The ending is coming  
Annihilation coming
