Up, Down  
Clicking in the phone

Breathing from the line on her side

6

Breathing, breathing phone number  
Mother mother calling from...  
Breathing phone number  
Mother calling me.  
M O M  
666 MOM from...  
666 mother

Please dress warm.

Don't make me worry.  
You will catch cold.  
My son hates his own Mom.  
What is this world coming to?  
I could never think that you could be so ungrateful to  
your mother.  
I did not raise you to be so disrespectful.  
In life I was the only friend you had.
