Bury you under into the ground
Buried under into the ground
I am the third revelation you are not the chosen
How dare you come to me
What did I tell you?
Blood of the lamb
You are killing us with what youre doing
Dig it up
One day you will see
Why?
I will show you how its done
One night; I'm gonna come inside your house,
wherever
you're sleeping and I'm gonna
cut your throat
I am the third revelation
I drink your milkshake I drink it up
Blood of Lamb
Stop your nonsense
