[Verse 1:]

17 times a day I read Your Letter  
Every single time, hopin' it will get better  
When I get to the end, I close my eyes  
Hopin' When I open I won't see the words goodbye

17 times a day I blame myself for  
Making You go away  
There's no one else for me  
There's nowhere else I'd rather be  
But unfortunately,

[Chorus:]

There's no happy ending  
(No baby this ain't a fairytale)  
There's no happy ending  
(This is a story where you pay for your mistake)  
There is no happy ending  
(No magic potion, no joy or laughter)  
No happy ending  
(There's no happily ever after)  
There's no happy ending

[Verse 2:]

17 times a day I think about it  
Were you not here to stay?  
I truly doubt it.  
Did I just mess up?  
Take too long to fess up?  
For the wrong that I have done  
(You found out from someone)  
17 times a day I ask myself why,  
Was I in that escalate with another guy  
Who. Was nothing in comparison to you  
Because I was a fool

[Chorus]

[Bridge:]

Tick tock, tick tock, tick tock,  
(Tock)  
Can somebody please rewind this clock?

I need to go back to when we first met  
When the mistake hasn't happend yet  
Think of all the times that I  
Been sneaking round, creepin with that  
Other guy  
I lost the best thing I've ever had  
Now it's just too damn late to get him back

[Chorus]

No happy ever after  
No kiss and makeup  
No being friends  
No getting back together baby  
Nooooooooooooooooo

[Music fades out]
