I'm not ashamed of the path I chose
Filled with tears and broken bones
Filled with pain and lessons learned
Another bridge that I have Burned

I'm not ashamed of the path I chose
Filled with tears and broken bones
Filled with pain and lessons learned
Another bridge that I have Burned

Sometimes pride can't be bought
since my pride can't be bought

Shut your mouth
and back the fuck up
now better then me
but acting stuck up
I will not
waste my time
I bite and stab
And take whats mine

I'll show you how to fucking bleed
watch you beg down on your knees
I show you that I can't be bought
In life you learn lessons taught

Sometimes pride can't be bought
Since my pride can't be bought

Try to numb
and kill this pain
another day
it's all the same
but i still cherish
the will to live
and all the love
I have to give

And when I feel like life's fucked up
And that I should be giving up
I reach down and swallow pride

And put better thoughts in my mind

Sometimes pride can't be bought
Since my pride can't be bought

I'm not ashamed of the path I chose
Filled with tears and broken bones
Filled with pain and lessons learned
Another bridge that I have burned.
