The lies they feed you
cancer on the worlds face
national broadcast
political disgrace
there's no choice for you
everything you hate
no difference between
their god and their state

What would you do to kill the machine? X3
Freedom is ours
Revolution 14

Throw up your fucking fist
Don't believe the lies
It's only to their benefit
the stock market thrives
There's no choice for you
While this flag still flies
war is their peace
everyone dies

What would you do to kill the machine? X3
Freedom is ours
Revolution 14

ReVOLT

You beat me
you hurt me
i am the threat that
went unseen
this is what you wished for
the revolt
of carbon 14

What would you do to kill the machine? X3
Freedom is ours
Revolution 14

You beat me
you hurt me

I am the threat that
went unseen
this is what you wished for
the revolt
of carbon 14

What would you do to kill the machine? X3
Freedom is ours
Revolution 14
