

## Carbonized "Silent Journey"

Visit "[Silent Journey](#)" on MotoLyrics.com

Dying another death  
A morbid refreshment  
Seeking the meaning  
Of the spiritual walk

Who's behind me now?  
What is my real face

Who's behind me now?  
What is my real face  
The puppet dance along  
Fools preach and go among

Silent journey  
Silent journey

The past is my life  
Am I my own creator?  
Beyond the knowledge  
Exits you and I

The past is my life  
Am I my own creator?  
Beyond the knowledge  
Exits you and I

The past is my life  
Am I my own creator?  
Beyond the knowledge  
Exits you and I

Exits you and I
