I feel them crawling under my skin  
I'm a home for the worms inside  
I'm not starving I'm fat and warm  
I can feed all the worms in the world  
Just dig in my flesh it's yours  
I'll show my friends with pride  
They'll beat me up and say goodbye

I'm waiting for the summer baby  
I'll be swollen up  
In the heat I will explode and  
Cover you with worms and blood

I feel them feast under my skin

Slowly I rot, slowly I cry  
Spring is burning in my eyes  
Suck me swallow me feed your filthy lies  
Kill me rape me and when my time is through forget  
me  
I'll die before my friends with pride  
They'll spit on my corpse and say goodbye

I'm waiting for the summer baby  
I'll be swollen up  
In the heat I will explode and  
Cover you with worms and blood
