I'm Sakura, I'm just a girl, like,
And how I know like,
I've found a magic book.
Yes it's mystic, I know it's magic.
And I can see just what's in the cards for me.

I know, it's true.
It's me and Li, were gonna fight for you.
We'll find the cards, catch them now.
Be in charge, hold them now. Quick! Watch me fly,
From now catch you, catch you, catch me,
Cardcaptors.
Never be afraid of what's in the cards.
Can you catch me, catch you, catch me,
Cardcaptors.
Open doors, no, never run away,
'cause you just can't be afraid of the cards.

BE-CARD-CAP-TORS!
